

Dad Flamingo

Connecting Legal & Financial

| Who We Are

Dadflamingo is an award-winning multidisciplinary firm offering legal and financial services in areas of complex corporate and business law, sanction compliance, projects, financing, cross-border transactions, and providing litigation and pre-litigation assistance to entities conducting commercial operations in/with Iran. We distinguish ourselves as a “go-to” firm not only for our legal practice, but also for our practical business consultancy and innovative financial solutions.

| Global Recognition

Dadflamingo is ranked and recognised by both leading international legal guides the Legal500 and Chambers & Partners as a top-tier local law firm. This means that we are acknowledged as a practice providing the most cutting edge and innovative advice and also, reflects our commitment to deliver high-quality services to our clients.

| Regional & International Capabilities

With broad and unique experience supporting clients dealing with concerns and challenges arising from the imposition of sanctions and other trade restrictions, we help our clients comply with and navigate the complexities of US, EU, international and multilateral sanctions, as well as other applicable monetary and financial restrictions from both a legal and commercial perspective.

Our experts advise clients on specific transactions, assisting them in risk assessment, and designing and implementing comprehensive and practical solutions adapting to the regional and international sanctions framework.

Further, our internationally available facilities (including an affiliate company of ours based in Turkey and a dedicated Russia Desk) allow us to assist our foreign clients with various flexible solutions and services tailored to their needs.

| Legal Practice Areas & Services

Our main areas of legal practice include arbitration, corporate and M&A, commercial, contracts, disputes and litigation, e-commerce, finance, foreign investment, trade, projects, IP, IT and technology, labour and taxation.

With the benefit of extensive local understanding and reliable international experience, we offer the following legal services:

- Legal due diligence and risk analysis for market entry
- Deal structuring, contracting, negotiation and documentation of projects
- Sanctions risk management and trade regulations
- Arbitration, litigation, and recognition and enforcement of foreign judgements/awards
- Commercial and financial arrangements, transactions and disputes
- Corporate structuring, restructuring, formation and liquidation
- Business and branch registration, permits and regulatory affairs
- IP protection, disputes and licensing
- Import & export, real estate, taxation, labour and SSO

| Key Industries

We have a diverse client base of domestic and foreign entities from leading private and public companies active in variety of sectors including banking, electronics, energy and oil & gas, petrochemicals, healthcare, telecommunications, financials, infrastructure, FMCG, transport and services.

| Work Highlights

- Advising a state-owned Russian energy company on trademark licensing and IP management to local contractors.
- Advised a Russian power company and its counsels on assignment of EPC contracts, local content and procurement law implications.
- Advised Sonova Group on compliance with local laws and regulations with respect to promotion and advertising certain medical equipment.
- Advising a JVC of an African tobacco manufacturer on local presence, regulatory and compliance matters, taxation and labour issues.
- Advised National Iranian Gas Company on the structure of a deal with Mobarakeh Steel Company of Isfahan for the construction and development of the first mini-LNG plant in Iran.
- Advised a prominent multinational group of companies investing in the food, real estate, and financial sectors in connection with their regional disputes against local counterparties and assisted with the obtaining and enforcement of award.

- Advised Faran Electronics on structuring a deal with a European manufacturing company for the production and transfer of medical equipment.
- Advised a leading domestic telecommunications company on acquisition of a regional company with the same operation and conducted due diligence and risk management to support the deal.
- Advised the Iranian Vice Presidency for Science and Technology on negotiation, structuring and documentation of a project involving multiple foreign partners for utilisation of a solution in collecting water from submarine springs.

Business Services

Our commercialisation experts assist with the process of transforming a new product or service all the way from conceptualisation to actual sale in regional and international markets. Our capabilities span the entire product development life-cycle from concept ideation, requirements definition, system architecture, to development, prototyping, economic and market research, brand strategy, and release to full-scale competitive product manufacturing.

Our valuation team expertise spans all valuation disciplines, including businesses, tangible assets, intangible assets, equity interests, debt, financial instruments, and derivatives. We have the requisite industry knowledge and expertise for delivering accurate and independent valuations that bring results.

Our Team

Dadflamingo legal department consists of a core team of ten lawyers, who are all alumni of top three law schools of Iran and have been practicing as attorneys-at-law in Iran for several years, advising domestic and foreign clients on transactional matters and representing them before local courts and tribunals. Almost all of our lawyers have obtained graduate law degrees from leading European and American law schools.

As a legal firm that also specializes in company and technology valuation, we understand that accurate and reliable valuations are essential to making informed business decisions. Whether you're looking to sell your company, acquire a new business, or secure funding, understanding the true value of your assets is crucial. Our team of experienced professionals brings together legal expertise and technical knowledge to provide comprehensive and objective valuations that take into account all relevant factors. From financial analysis to market research, we use a range of methodologies to deliver accurate and reliable valuations that help our clients make strategic decisions about their business. With our deep industry knowledge and commitment to quality, you can trust us to deliver the insights you need to succeed.

Our Commercialisation departments have on board dedicated teams of professionals who understand business imperatives and work hard to deliver top-class solutions and services to our clients.

Languages

We are multilingual and we speak Farsi, English, French, Russian and Turkish.
